Dear Applicant:

This letter is in reference to the above-captioned application for a new noncommercial educational station on Channel 201A in Harrisburg, Illinois.

An engineering study reveals that the application fails to comply with 47 C.F.R. § 73.525 with respect to TV Channel Six Station WPSD-TV, Paducah, Kentucky. Specifically, our calculations show that there is predicted interference within the Grade B (47 dBu) contour of WPSD. This was not addressed in the application. Accordingly, the application is not acceptable for filing and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely

Arthur E. Doak
